***Allowable Subject Matter***

Applicant's amendment of 06-17-04 has been entered. The amendment has cancelled claims 1, 3, 8, 10, 11, and 62-65, and thereby obviated the previous rejections of 112/1<sup>st</sup> and 2<sup>nd</sup> paragraphs. Thus, said rejections are withdrawn herein. The amended claims 4, 22, and 52 have also obviated the previous rejection of 102(b) by revising the second proviso.

With no other outstanding rejection, pending claims 2, 4-7, 9, 12-61, and 66-73 are allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

An update search yields three references with generic teachings. Although they generically teach a quinazolinone compound substituted with an "*alkenyl*" side chain, and an "*amino*" side chain, they fail to provide a "preferred embodiment" or species with the combination of said side chains. Thus, they do not have an express motivation for a *prima facie case of obviousness*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
